

# Chateau Faire Le Pont Wenatchee, WA Mauricio Gonzalez Summer 2017

## Chateau Faire Le Pont

- Near the Columbia River, Confluence State Park and running trail.
- The original hard-wood floors separate the winery, restaurant, tasting bar, and activities room
- Renovated from a 1920's brick warehouse that was used for fruit staging to be loaded onto trains.

## Responsibilities

- Pruning vines and vineyard maintenance.
- Filtering red and white wine and sanitizing equipment.
- Racking, spraying, pest control.
- Checking irrigation system, making sure things were working properly.
- 1<sup>st</sup> intern at Chateau Faire Le Pont

## Professional Growth

- Made responsible for vineyard maintenance and had to be at work before anyone else.
- Had to do research and learned about concepts such as flea beetles and winter injury.
- Grew my communication skills by talking to staff and talking to customers during wine tastings.
- Quickly accomplished tasks on my own after being told what needed to be done.
